## P R E F A C E .

The Manual published last year having been received with marked approbation by the Members of the Common Council, heads of Departments, and other Corporation Officers, as well as by many of our citizens, who had the opportunity of procuring it, for its value as a reference to our City affairs ; and as the edition is entirely exhausted, and since its publication many changes have taken place in the several Departments, it has been deemed advisable, to publish the present work, which it will be perceived is much larger than the preceding one.

Considerable labor and expense have been bestowed upon the present work to make it useful and interesting.

AN ACT  
TO AMEND THE  
C H A R T E R  
OF THE  
CITY OF NEW YORK.

---

PASSED APRIL 7, 1830.—CH. 122.

---

*The People of the State of New-York, represented in Senate and Assembly, do enact as follows :—*

1. The legislative power of the Corporation of the City of New-York, shall be vested in a Board of Aldermen, and a Board of Assistants, who together shall form the Common Council of the City.

2. Each Ward of the City shall be entitled to elect one person to be denominated the Alderman of the Ward, and the persons so chosen, together shall form the Board of Aldermen; and each Ward shall also be entitled to elect one person to be denominated an Assistant Alderman; and the persons so chosen, together shall form the Board of Assistants.

3. The Aldermen and Assistant Aldermen shall be chosen for one year; and no person shall be eligible to either office, who shall not at the time of his election, be a resident of the Ward for which he is chosen.

4. The annual election for Charter Officers shall commence on the second Tuesday in April, and the Officers elected shall be sworn into office on the second Tuesday in

May thereafter; and all the provisions of law now in force in regard to the notification, duration and conduct of elections for Members of Assembly, and in regard to the appointment, powers and duties of the inspectors, holding the same, shall apply to the annual election of Charter Officers.

5. The first election for Charter Officers, after the passage of this law, shall take place on the second Tuesday in April, one thousand eight hundred and thirty-one; and all those persons who shall have been elected under the former laws regulating the election of Charter Officers, and shall be in office at the time of the passage of this law, shall continue in office until the officers elected under this law shall be entitled to be sworn into office.

6. The Board of Aldermen shall have power to direct a special election to be held, to supply the place of any Alderman whose seat shall become vacant by death, removal from the city, resignation, or otherwise; and the Board of Assistants shall also have power to direct a special election to supply any vacancy that may occur in the Board of Assistants; and in both cases, the person elected to supply the vacancy, shall hold his seat only for the residue of the term of office of his immediate predecessor.

7. The boards shall meet in separate chambers, and a majority of each shall be a quorum to do business. Each board shall appoint a President from its own body, and shall also choose its Clerk and other officers, determine the rules of its own proceedings, and be the judge of the qualifications of its own members. Each board shall keep a journal of its proceedings, and the doors of each shall be kept open, except when the public welfare shall require secrecy; and all resolutions and reports of Committees which shall recommend any specific improvement involving the appropriation of public monies, or taxing or assessing the citizens of said city, shall be published immediately after the adjournment of the board, under the authority of the Common Council, in all the newspapers employed by the Corporation: and whenever a vote is taken in relation thereto, the ayes and noes shall be called and published in the same manner.

8. Each board shall have the authority to compel the attendance of absent members; to punish its members for

disorderly behaviour, and to expel a member, with the concurrence of two-thirds of the members elected to the board; and the member so expelled, shall, by such expulsion, forfeit all his right and powers as an Alderman or Assistant Alderman.

9. The stated and occasional meetings of each board of the Common Council, shall be regulated by its own ordinances; and both boards may meet on the same or on different days, as they may severally judge expedient.

10. Any law, ordinance, or resolution of the Common Council may originate in either board, and when it shall have passed one board, may be rejected or amended by the other.

11. No member of either board shall, during the period for which he was elected, be appointed to, or be competent to hold any office, of which the emoluments are paid from the city treasury, or by fees, directed to be paid by any ordinance or act of the Common Council, or be directly or indirectly interested in any contract, the expenses or consideration whereof are to be paid under any ordinance of the Common Council; but this section shall not be construed to deprive any Alderman or Assistant of any emoluments or fees which he is entitled to by virtue of his office.

12. Every act, ordinance, or resolution, which shall have passed the two boards of the Common Council, before it shall take effect, shall be presented, duly certified, to the Mayor of the city, for his approbation. majority of all the members elected to such board, it shall take effect as an act or law of the Corporation. In all such cases the votes of both boards shall be determined by yeas and nays, and the names of the persons voting for and against the passage of the measure re-considered, shall be entered on the journal of each board respectively.

14. If the Mayor shall not return any act, ordinance, or resolution so presented to him, within the time above limited for that purpose, it shall take effect in the same manner as if he had signed it.

17. It shall be the duty of the Mayor,

**FOURTH.** To exercise a constant supervision and control over the conduct and acts of all subordinate officers, and to receive and examine into all such complaints as may be preferred against any of them for violation or neglect of duty, and generally to perform

all such duties as may be prescribed to him by the charter and city ordinances, and the Laws of this State and the United States.

18. Annual and occasional appropriations shall be made by proper ordinances of the Common Council for every branch and object of city expenditure, nor shall any money be drawn from the city treasury except the same shall have been previously appropriated to the purpose for which it was drawn.

19. The Common Council shall not have authority to borrow any sums of money whatever on the credit of the Corporation, except in anticipation of the revenue of the year in which such loan shall be made, unless authorized by a special act of the legislature.

20. It shall be the duty of the Common Council to publish, two months before the annual election of Charter Officers, in each year, for the general information of the citizens of New York, a full and detailed statement of the receipts and expenditures of the Corporation, during the year ending on the first day of the month in which such publication is made; and in every such statement the different sources of city revenue, and the amount received from each; the several appropriations made by the Common Council, the objects for which the same were made, and the amount of monies expended under each; the monies borrowed on the credit of the Corporation, the authority under which each loan was made, and the terms on which the same was obtained, shall be clearly and particularly specified.

21. The executive business of the Corporation of New-York, shall hereafter be performed by distinct departments, which it shall be the duty of the Common Council to organize and appoint for that purpose.

22. It shall be the duty of the Common Council to provide for the accountability of all officers, and other persons to whom the receipt or expenditure of the funds of the city shall be entrusted, by requiring from them sufficient security for the performance of their duties or trust, which security shall be annually renewed; but the security first taken shall remain in force until new security shall be given.

23. The Clerk of the Board of Aldermen shall, by virtue of his office, be Clerk of the Common Council, and shall perform all the duties heretofore performed by the Clerk of the Common Council, except such as shall be assigned to the Clerk of the Board of Assistant Aldermen; and it shall be his duty to keep open for inspection, at all reasonable times the records and minutes of the proceedings of the Common Council, except such as shall be specially ordered otherwise.

24. The division of the Common Council into two boards shall not take effect until the officers to be elected under this law enter on the duties of their office. Each Board shall hold its first meeting, for the purpose of organizing, on the second Tuesday of May in each year, at which time the Mayor or Clerk of the Common Council shall attend, by whom the oath of office shall be administered to the member elected. In the absence of the Mayor and Clerk, such oath may be administered by the Recorder, or First Judge of the city, or by any of the Justices of the Superior Court.

25. None of the provisions of this act, except the eighteenth, nineteenth, twentieth, and twenty-second sections, shall be construed as applying to the Common Council as now constituted.

26. Such parts of the Charter of the city of New-York and of the several acts of the Legislature amending the same as are not inconsistent with the provisions of this law, shall not be construed as repealed, modified, or in any manner affected thereby; but shall continue and remain in full force

## FINANCIAL CONDITION OF THE CITY.

The financial condition of the city on the 1st May, 1841, was as follows, as will be seen by the Mayor's Message, from which the following statement is taken—

"I have requested from the Comptroller and received a statement of the City Debt up to the 1st of May last, from which the following appears:

New-York City Stocks of 1820 and '29..	\$500,000	
Less amount held by the Commissioners of Sinking Fund.....	91,200	\$408,800
Public Building Stock.....	\$515,000	
Less amount held by the Commissioners of Sinking Fund.....	15,000	500,000
Fire Loan Stock, a contingent liability,..	\$882,000	
Less an equal amount of bonds and mort- gages owned by the Commissioners of Sinking Fund.....	882,000	000,000
Fire Indemnity Stock.....	\$358,900	
Less amount held by the Commissioners of Sinking Fund.....	122,700	236,200
Floating Debt Stock.....	\$350,000	
Less amount held by the Commissioners of Sinking Fund.....	168,210	181,790
Corporation Bonds—a contingent debt..	\$585,000	
Less an equal amount of liens on real estate.....	585,000	000,000
Water Stocks.....	\$7,949,377	
Less amount held by the Commissioners of Sinking Fund.....	298,000	7,651,377
		\$8,978,167

The City Stocks which will be held by the Commissioners of the Sinking Fund at the close of the present fiscal year, will be sufficient to cover, and in effect cancel the stock of 1820 and '29, and the Public Building Stock. The Fire Loan Stock and Corporation Bonds are contingent liabilities of the city, for which bonds and mortgages, and other real estate liens, are held by the Commissioners of the Sinking Fund, which can be realized and applied to the liquidation of the debt at any time. These, therefore, may be properly considered as no part of the city debt, but rather as a loan of its credit on full and perfect securities.

The Fire Indemnity Stock is, for the most part, payable in twenty-seven years; the provision for its redemption is an annual tax of \$25,000 to be levied upon the real and personal estate of the citizens, one-half of which tax would, however, accomplish its redemption in the time fixed.

The Floating Debt Stock is payable at the rate of \$50,000 per annum, to meet which, a tax of the like sum is annually to be imposed.

It will be seen, therefore, that the principal of all the stocks here mentioned, (and which constitute the entire debt of the city, except that for the construction of the Croton Aqueduct,) is fully provided for, and capable of being redeemed without resort to the revenues of the Sinking Fund after the present year; or, in other words, the proper income of the Sinking Fund, on and after May next, when the Croton water will be introduced, will be applicable, solely, to the cancelling of the Water Stocks.

The water debt, as estimated, will reach \$12,000,000. It is computed that the income of the Sinking Fund, as at present constituted, will alone be sufficient to meet and cancel it in forty years. It is to be remembered, too, that the Sinking Fund will, long before that period, be greatly enlarged from the avails of such real estate as the Corporation may sell from time to time."

## FINANCIAL CONDITION OF THE CITY—1842

The financial condition of the city on the 7th of May, 1842, was as follows, as will be seen by the Comptroller's Report to the Board of Aldermen, [see Document No. 84,] from which the following statement is taken.

## CITY DEBT, MAY 7, 1842.

New-York City Fives, of 1820 and 1829.....	\$500,00
Public Building Stock.....	515,00
Fire Loan Stock.....	525,00
Fire Indemnity Stock.....	358,90
Floating Debt Stock.....	300,00
Assessment and other Temporary Bonds.....	397,50
Water Stock Fives of 1858, 1860, 1870 and 1880..	8,721,50
Water Stock Sixes, from 1 to 3 years.....	1,525,50
Water Stock Sevens, 5, 10 and 15 years.....	591,56
	<hr/>
	\$13,434,96
Less by amount of the same Stocks held by the Commissioners of the Sinking Fund.....	898,52
	<hr/>
	\$12,536,44

*Extract from the Comptroller's Report, (1841.)*

"The provisions already established by law for the payment of this Debt, are ample; the faith and *property* of the City are pledged for the redemption of the Water Debt, as well as for the other Stocks of the City; these latter are already secured by active means on hand; the payment of the Water Stock is distributed through a period of forty years; the Sinking Fund, established to redeem the old Stocks, continued and made applicable to the Water Stocks, by repeated enactments of both the State and City Government. This fund alone, without resort to the property of the Corporation, is capable of redeeming the Debt within that period; its minimum revenue of \$200,000, would alone yield in the 40 years \$8,000,000, and the compounding through that time would increase it \$4,000,000 more."

**United States City Despatch Post.**

POST OFFICE, NEW-YORK.

All Letters placed in the Boxes at the various Stations, together with all City Letters deposited either in the Post Office, or in the Branch Post Office, will be under the charge of the Department, and will be received for rapid delivery at the hours mentioned below.

Letters, addressed to parties renting Boxes at the Upper and Lower Post Office, will be deposited in them as heretofore, unless a request is made that they be sent by the City Despatch Post.

STATIONS.

Letter Boxes are placed at one hundred Stations in various parts of the city, and Letters deposited therein, will be punctually delivered three times a day, (Sundays excepted,) at three cents each: option being given, either to free the Letter in the manner shown in the following regulations, or leave the postage to be collected of the party to whom the Letter is addressed.

## POST-PAID LETTERS.

Letters, which the writers desire to send free, must have a free stamp affixed to them. An ornamental stamp has been prepared for that purpose, and may be procured at either of the Post-Offices and all the Stations. The charge will be 37 cents per dozen or \$2 50 per hundred: the reduction of price for the larger quantity being made with a view to the accommodation of those parties sending a considerable number of circulars, accounts, &c.

All Letters intended to be sent forward to the General Post-Office for the Inland Mails, must have a free stamp affixed to them.

## UNPAID LETTERS.

Letters not having a free stamp, will be charged three cents, payable by the party to whom they are addressed, on delivery.

Letters and newspapers addressed to the editors of the public press, will be delivered free.

## REGISTRY.

NO MONEY MUST BE PUT INTO THE BOXES, unless registered at the Upper Post Office, where a Registry will be kept for Letters, which parties may wish to place under special charge. Free stamps must be affixed to such letters for the ordinary postage, and an additional free stamp must be affixed for the registration; but all such letters must be speedily deposited at the principal office.

The advantages offered by this plan are,

*First.* The secure and prompt transmission of all registered letters containing any special notice or matter by which means legal evidence may be obtained of the due delivery of the same; and the immediate despatch of any letter or small package requiring instant delivery.

*Secondly.* The certain and expeditious delivery of mercantile letters and circulars, of invitations and replies (either under free stamp or unpaid,) and every description of Commercial, Professional and Social Correspondence; thus bringing the most distant parts of the city in effect near to each other, and providing the means of constant intercourse at a very moderate charge.

## HOURS OF DELIVERY,

\* The Deaths reported from Intemperance cannot be relied on as the whole truth, because many deaths of which intemperance has been the principal cause, are returned under other causes, mostly apoplexy and consumption. As reported, however, the number of deaths in the last few years, in proportion to the population, exhibits a gratifying decrease. The average proportion of deaths to population in 1835, was 1 to 4,087.
